

Year 5

Knowledge & Gwaith Cartref

Materials

Summer Term

2025-2026

Name _____

Tutor group _____

Below are a range of activities for you to complete independently whilst we are learning about a Mission to Mars. You will be set these tasks by your teacher as part of the YAW Gwaith Cartref Cycle.

Literacy

1 Write a fact file about a planet of your choice.
Gold- include introduction, heading, subheadings, picture and any extra information about the planet..
Silver- Include heading, subheadings and pictures.
Bronze- Fill in the template provided about a planet

2 Task- Write an acrostic poem linked to space.
Gold- include adjectives and a simile. Use a word that is at least 6 letters long.
Silver- include adjectives. Use a word that is at least 5 letters long.
Bronze- Use template to complete poem.

Numeracy

3 Using the research given
 Task- create a graph to show how long the planets take to orbit the sun.
Gold- draw and label axis, draw bars, add a title.
Silver- draw bars to show how many days it takes.
Bronze- complete the sheet provided.

4 Calculate your weight on different planets. Use the QR to see how to calculate this ---->

Topic

5 Create a poster showing the solar system. Include a heading, information and pictures.

6 Create a piece of artwork based on your star sign. Use the QR to support ---->

QR code showing ideas.

Tick off and date the ones you have completed
